Limited 10-Year Warranty on Firebox and Water Jacket

WoodMaster, Inc. warrants material and labor on any defects in workmanship on the firebox and water jacket for a period of ten years from the purchase date to the original owner only provided that the Warranty/Owner's Registration Card is completed and sent to WoodMaster within seven (7) days of the original owner taking possession of the furnace and the original owner strictly complies with the instructions for maintenance and corrosion inhibitor contained in the Owner's Manual; otherwise this Limited Warranty shall be for a period of ONE (1) YEAR from the date of manufacture or one year from original retail purchase, if proof of purchase date can be provided. If there is a leak in your properly delivered and installed WoodMaster furnace in the first year, WoodMaster, Inc. will replace the furnace at no cost to the original owner (a leak means a leak in the firebox or water jacket). WoodMaster, Inc. will not be responsible for environmental conditions we cannot control. Therefore, WoodMaster, Inc. will only pay these percentages of costs of warranty work per year: years two (2) through five (5) – 100% of warranty work, the sixth (6) year – 70% of warranty work, the seventh (7) year – 60% of warranty work, the eight (8) year – 40% of warranty work, the ninth (9) year – 20% of warranty work, the tenth (10) year – 10% of warranty work.

WARNING: If corrosion inhibitor is correctly maintained, corrosion failure cannot occur in the water jacket. Corrosion in the water jacket is not a workmanship defect and is not covered by the warranty. Warranty does not cover firebox corrosion! Neglecting to clean your furnace or cover the chimney when not in use, will void your warranty. When the furnace is in use, be sure that you maintain a good ash rotation. This should be done weekly. Water treatment must be properly tested and maintained as stated in the Owner's Manual to prevent corrosion.

Two Year Warranty – Parts and Labor

WoodMaster, Inc. warrants to the original owner only, any electrical components in the furnace that is defective during normal usage for a period of two (2) years from the date of purchase.

WoodMaster, Inc. warrants to the original owner only, any defects in materials or workmanship to the front door of the furnace for a period of two (2) years from the date of purchase.

WoodMaster, Inc. warrants to the original owner only, any defects in materials or workmanship to the stainless steel chimney on the furnace itself for a period of two (2) years from the date of purchase.

These warranties apply only if the device is installed and operated as defined in the Owner's Manual.

Your dealer may charge you for a service call to do warranty work. Parts will be replaced on an even exchange basis.

WoodMaster furnaces are not intended to be the only source of heat; therefore a backup system should be in place to prevent any damage caused by lack of heat.

Damage caused by abuse, accidents, improper installation, overheating, corrosion, freezing or negligence will not be covered under warranty. Damage caused by burning flammable materials (such as petroleum products) will not be covered under warranty.

This warranty is limited to defective parts – repair and/or replacement only, and excludes any incidental and consequential damages connected therewith. WoodMaster, Inc. is not responsible for replacement of water, water treatment, antifreeze, costs of transportation, or shipping charges. On-site service work will be offered to you. Please call WoodMaster, Inc. for current non-warranty rates.

Antifreeze – Only nontoxic antifreeze is acceptable. Antifreeze will break down over a period of time and therefore should be tested annually. Always dispose of antifreeze by state and local codes. Loss of antifreeze under any condition will not be covered.

How to file a claim – ANY CLAIM UNDER THIS WARRANTY MUST BE MADE TO YOUR DEALER.

Auger Stove Supplement – One Year Limited Warranty

This warranty is in addition to the warranty on your WoodMaster furnace

WoodMaster, Inc. warrants to the original owner only, material and labor on any defects in workmanship, on ash auger removable parts, including grate and auger for one (1) year from the date of purchase. Removable ash auger parts are considered and designed to be consumable parts. Grates and augers may warp due to high heat or deteriorate over time and will have to be adjusted or replaced. This warranty will not cover warped grates or augers, nor cover deterioration due to ash corrosion. Ash auger stove modification such as the auger tube, which is welded to the stove, will carry the normal stove warranty. This warranty is limited to defective parts – repair and/or replacement only – and excludes any incidental or consequential damage connected therewith. WoodMaster, Inc. is not responsible for replacement of water, water treatment, anti-freeze, and cost of transportation or shipping charges. Once a year this Auger System must be removed from the furnace and the furnace completely cleaned out. Refer to the WoodMaster Owner's Manual for Maintenance Procedures.
